The Hamilton Masterpiece in Platinum

There could be no finer compliment paid the graduate, the distinguished visitor or the retiring employee—no more suitable reward for commendable services rendered—than the presentation of a Hamilton Masterpiece in platinum. It has a certain air of quality that immediately identifies it with the finer things of life. This beautiful model was designed by Hamilton in response to insistent demands for a Hamilton Masterpiece in a platinum case. The bezel is a simple circlet of platinum while the center and bow are richly carved in high relief. The dial of sterling silver has raised numerals of solid gold, the hands are also of gold. Consumer price, \$685.00. List, \$825.00.
